

INTERNATIONAL STUDENT SUCCESS

Marple Campus - 610-359-5050
Founders Hall, 3500
international@dccc.edu

Delaware County Community College welcomes students from around the world. Recognizing that studying and living in a foreign country is a unique experience, one that can be both exciting and challenging, the College supports non-immigrant students through a variety of programs and services. Services include orientation, academic advising, assistance with immigration matters, and help locating housing. Students on an F-1 visa must study full-time in both the fall and spring semesters. Individuals on student visas are ineligible for financial aid. While students are ineligible for state and federal financial aid within the United States, they may be eligible for aid through their country of origin, scholarships at the College, or through third parties.
